How can we save Cross River gorillas?

Cutting activity

Hunting	Habitat Loss	Loss of Genetic Diversity
Even though hunting of gorillas has declined...	Areas of the forest are cut down...	Imagine how similar you are to your family...
Gorilla gets injured by a trap...	Firstly, less habitat means fewer resources...	The bigger a population...
Injury is too severe...	Secondly, cutting down areas of the rainforest...	A small population with no diversity...
Another important life in the population lost.	Fragmentation means there are multiple...	This diversity means different...
Rainforest rangers can track the gorillas and prevent hunters...	Creating jobs for local people that do not require...	Rangers will protect the gorillas, making sure the population...
